# Jehovah Rapha - Restorer of Body, Soul & Spirit

Greetings my fellow Kingdom Entrepreneurs. As we get ready to step into the 'Ember' months a few weeks from today, it's quite strategic that the Lord will have us discuss the Healing Anointing as we dissect and minimize the impact of the devil's primary tool of affliction during the last four months of each year - this is typically sickness, strange illnesses and sudden deaths. Thus, it brings us great joy to educate each EIC disciple on what it means to truly carry the healing anointing of God.

What does healing mean in God's standard? What is the price we must pay to carry this anointing to our nations and our generation? Most importantly, why does God make this anointing available?

Friends, the healing anointing can be very complex to explain as it involves a few moving parts. However, for the sake of this teaching, I will simplify it as best as possible so that everyone who thirsts enough to become a true solution provider (not a stage performer who pre-programs healing testimonies as we see in this modern day and age) can truly carry something of real spiritual value.

In my opinion, the Healing Anointing is simply God's divine authority resting on a chosen vessel to displace the demons that cause infirmities in the body level, soul level or spirit level. It is a display of the power of the Holy Spirit and it is His saving grace that attracts men to become saved through the name of Jesus or to restore them beyond the salvation experience.

Healing is needed in both the body, soul and spirit of man as demons are merciless when they cause afflictions. What modern medicine translates as a sickness or disease, is most often the presence of devils tormenting human beings - very often this access has been secured through blood (lineage), through curses, through sexual intercourse, or through arrows (spells) shot by the camp of the enemy for one reason or another.

The fact that the devils causing these afflictions are unseen does not nullify the fact that they exist. Hebrews 11:3 - By faith, we understand that the worlds were framed by the word of God, so that the things which are seen were not made of things which do appear.

When demons overcome a family, a person or a business, what God does is He raises a man whom He can entrust with the healing anointing to act as a deliverer for that family. That man must be committed to God as the healing anointing requires a covenant through which the sacrifice of prayer and consecration must always service.

If we, as Entrepreneurs IN Christ, must carry healing to the nations of the world starting with the communities around us, we must begin with a hunger to be trained in the positive divine supernatural, which is the release of light which we super-impose on the natural state of things, it becomes an instant healing or miracle.

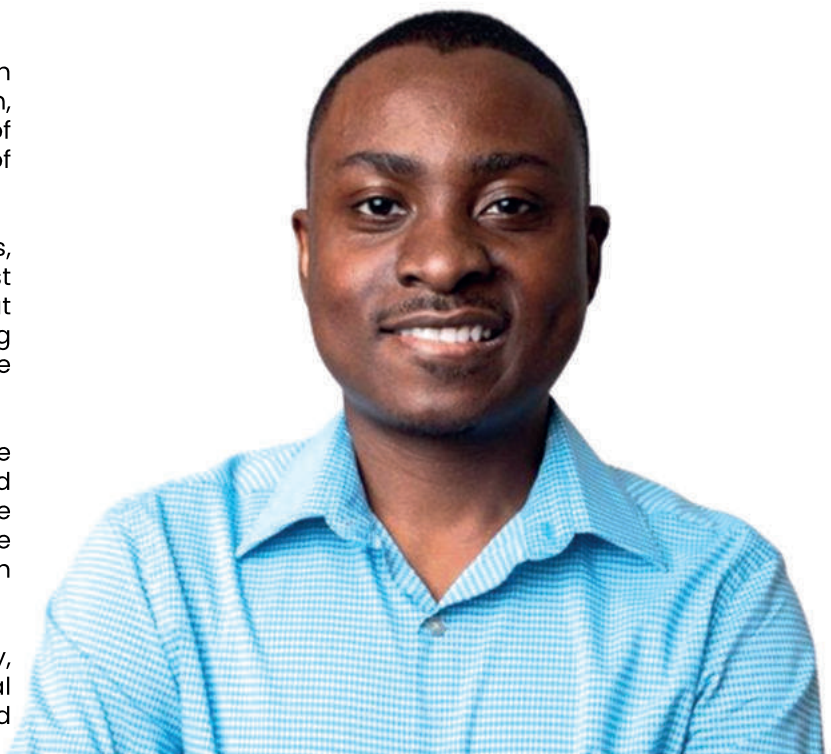

Don't get me wrong, doctors do have their part to play, however a sickness whose roots are deep in the spiritual world, can at best, be put at bay when medicines are used to manage sickness and diseases.

These infirmities can exist on the physical body, such as cancer. They can also exist in the soulish-realm where the human mind is afflicted, this births mental illnesses like anxiety, depression or even worse, schizophrenia. They can also exist in the spirit of a man to render it totally useless when curses or spiritual arrows cause madness or limitations that birth delays, stagnation or declination in the quality of human life or in business.

Proverbs 18:14 declares "The spirit of a man shall sustain his infirmity but a wounded spirit who can bear?" Meaning it is the qualitative state of the spirit that absorb attacks sent into the body, soul or spirit of man. If that spirit is not strong enough (having built it up from prayers, fasting and the knowledge of God's word) then the sad truth is, the enemy's camp may be able to lodge a demon to secure and enforce that infirmity simply because there is no light in that vessel to keep them at bay.

A few weeks ago, I fell into a trance. In this vision, I saw a tub full of water next to me. What was more interesting was that it seemed this tub of water had come out from inside me. Then, I pointed at the water and spoke to it, commanding it to begin to heal. When I came out of the trance it puzzled me a bit... but as was my custom, I went to the Holy Spirit to explain the meaning of this vision. As I began to engage Him in prayer, He began to speak.

The previous day, I had spent 12 hours in prayers (speaking in tongues) and so the Holy Spirit spoke to me using the scripture in John 7:37 "If any man thirsts, let him come unto me and drink. Out of his belly shall flow RIVERS of living waters!" I still don't fully understand Lord, please explain further was my reply. Then He stated, I have moved you to a level where after you pray this long the healing anointing will begin to flow through you.

Prior to this time, I had only known healing biblically but not experientially. The very next day, I began to feel the presence of Healing Angels around me, waiting for me to release this anointing as God's response to releasing people from the grip of infirmities enforced by demonic forces. These angels began to give me a sign that the anointing was now active for use. It is this sign that many people who go on prayer adventures miss and thus, they are unable to become solution providers to a dying generation.

The first thing we must point out from John 7:37 is that there must be a thirst. It is this thirst that will sentence you to long hours of prayer. As I have explained in a lengthy teaching anchored around our prayer leadership team, one of the key revelations the Holy Spirit gave me in my quest for spiritual knowledge is that there are diverse streams that flow out of any prayerful man or woman when we speak in tongues.

In my opinion, this is what makes prayer the most interesting activity a person can engage in. It's the fact that you can keep on discovering new streams that flow out of you when you pray. Let me add a disclaimer - everyone who is a new creation in Christ Jesus has become a new specie. Just like there are several types of citrus fruits in the citrus family which scientists have studied, you need to study yourself as you go on prayer adventures through the Spirit.

Based on your spiritual DNA and calling, you may not have to pray long hours before you see a unique grace called the healing anointing flow out of you. Everyone is different and so what works for me may not necessarily be the exact formula for you. If you wish to find out more about this teaching, you should join our prayer leadership training course. But I digress.

Back to our discussion - every disciple at Entrepreneurs IN Christ owes it to themselves to find out the stream of life that flows out of them during each prayer adventure. You must seek to understand this tirelessly until you arrive at the healing anointing. In Mathew 15:26 Jesus explains by means of a parable that healing is the children's bread meaning as a father provides bread for a son or daughter, this is how God has apportioned healing to His children, especially those who are born again believers.

Indeed, healing is the Children's bread, however, bread being used here figuratively must be dispensed by stewards before the children can be served and eat. My point here is that not everyone has tarried long enough with God to be a true dispenser of the healing virtue He provides for the salvation of souls.

The healing anointing is not a low hanging fruit for anyone to operate in. A person has to be truly thirsty and that thirst must lead you to long hours of prayers if you must be a solution to the world at large. Hence, the spiritual capital God has given you (speaking in tongues) can be stirred up to dispense the healing anointing and this is primarily done through prayer.

In God's Kingdom, things are done quite differently - For instance, we run by literally waiting on Him (fasting). We give drink to a dying world by being thirsty ourselves till He fills our soul with living waters. You must be hungry enough to tarry in the Presence of the King till He fills you with spiritual substance. This spiritual substance is called bread or the bread of life. Jesus declared in John 6:35, "I am the bread of

life" - thus only Kingdom Entrepreneurs who have eaten this bread in abundance can become dispensers of the children's bread called healing. We do this by becoming stewards of His majesty and grace.

The Back End of Healing is Angelic Partnership while dispensing the Healing Anointing.

Scripture Reading John 5:2-4

"Now there is in Jerusalem by the Sheep Gate a pool, which is called in Hebrew, Bethesda, having five porches. In these lay a great multitude of sick people, blind, lame, paralyzed, waiting for the moving of the water. For an angel went down at a certain time into the pool and stirred up the water; then whoever stepped in first, after the stirring of the water, was made well of whatever disease he had."

Friends, the truth is, the healing anointing is always dispensed in partnership with angelic forces who execute the equivalence of the spiritual transaction as you grant Heaven permission to dislodge the powers of darkness through prayer over a sick person.

A truth needs to be established as doctrine in the body of Christ. There is a real ministry of angels and you as a Kingdom Disciple have been chosen to partner with them. A couple years ago the Holy Spirit educated me in an hour trance lesson about the ministry of Angels and how to partner with them especially in the area of deliverance and healing. At that time, the healing anointing had not begun to flow through me so I wrote down the experience for much later - this is the process of coming unto Jesus to drink because you thirst.

When you begin to seek God through prayer, you must learn to angulate your supplication and intercession as a display of your thirst & hunger for more of Him. He will come and fill you - first, primarily with knowledge and then that knowledge will begin to flow through you as LIGHT (out of his belly shall flow rivers of living waters) - this is what demons can't stand. Keep in mind, only those who truly thirst, then drink through revelation can be dispensers of light in God's Kingdom. When this light is released by a man who carries kingdom authority, angels go right into work. They begin to stir up the waters to cause a disruption just like the angel that would come seasonally to trouble the waters at the pool of Bethesda. This exposes the demon that has secured the stronghold of the affliction. The angels can then bind them and remove them. This is a glimpse into how the healing anointing works in the realm of the spirit.

In conclusion, Evangelists function a lot in the power gifts and thus the healing anointing can also be given to them by the election of grace. 1st Corinthians 12 talks about the gift(s) of healing meaning they are diverse gifts and specialties within the healing anointing. If you have the call of an Evangelist as a marketplace minister, then you are first in line to receive this grace.

Begin to service your prayer altar with long hours of prayer and you will soon begin to see healing flow through your hands. If healing stays flowing through your hands, then you will soon be known around the world as the true emissary of Jehovah Rapha. God still seeks to be known by that name in our generation today and it is our responsibility to proclaim this name beyond the four walls of the church and into the marketplace of industries and nations.

God bless you.

## THEME OF THE MONTH EXPLAINED

### *The Healing Anointing*

When we look at this healing anointing and we zero in on the word 'anointing' which is also synonymous with 'power' and 'Holy Spirit', we quickly get to know the love of God for us the church and how He (God the Father) through the Son, the Lord Jesus set up His Kingdom with power in the church.

The purpose of the display of this anointing is to destroy the works of darkness.

The purpose of the healing anointing is to destroy the works of darkness in the lives of believers and unbelievers who need help.

According to Isaiah the prophet, this anointing is a burden lifter and yoke destroyer. Isaiah 10:27

This is the evidence of God's altruistic nature to the world and the church at large.

Acts 10:38 describe the healing anointing in Jesus' ministry and I quote;

"How God anointed Jesus of Nazareth with the Holy Spirit and with power, who went about doing good and healing all who were oppressed by the devil, for God was with Him."

Sickness, disease, or infirmity or weakness is an oppression from the devil and Jesus was made manifest in order to destroy the works of the devil.

It's also worth noting that God also desire us well. The above scripture unveils to us the heart of God in the phrase 'for God was with Him' that is, God was with Jesus Christ in the fulfillment of the Kingdom mission and vision. Hallelujah

The healing anointing can also be given as a gift through the Holy Spirit to touch lives according to 1 Corinthians 12 verse 9 says and I quote:

"To another gifts of healing by that one Spirit".

One thing to understand about the healing anointing is that it is divine in nature, it's a Supernatural occurrence.

It is not the healing that takes place in your body when you take medication.

It is not the healing that your body naturally produces when you eat well.

This healing is the supernatural life and power of God flowing through a human vessel to bring instant or progressive Supernatural healing.

Healing is a restoration of diseased tissue.

Miracle is the creative action of the spirit of God. Creating what is deficient in a man's life. JGL.

This healing anointing can be a one-on-one healing or He can breakout in a crowd.

The lady with the issue of blood is one of the beneficiaries of the healing anointing through the ministry of our Lord Jesus.

Luke 8: 43-46, "Now a woman, having a flow of blood for twelve years, who had spent all her livelihood on physicians and could not be healed by any, came from behind and touched the border of His garment. And immediately her flow of blood stopped. And Jesus said, "Who touched Me?"

When all denied it, Peter and those with him said, "Master, the multitudes throng and press You, and You say, 'Who touched Me? But Jesus said, somebody touched Me, for I perceived power going out from Me."

We see this healing anointing in full manifestation in the Apostles ministry, the scripture pointing out in Acts 19:12 and I quote: "Now God worked unusual miracles by the hands of Paul, so that even handkerchiefs or aprons were brought from his body to the sick, and the diseases left them and the evil spirits went out of them. Hallelujah!!

Time will not permit me to go into how to receive and walk in this healing anointing but it is available and accessible by grace. Everything starts with thirsts and hunger.

Thirst is a powerful force like hunger is a powerful force that only God can quench.

A strong desire to see others set free from bondage is God's heart desire and as we align with the Holy Spirit in our hearts, God grant this request.

John Alexander Dowie, a Scottish – Australian minister who cried with thirst and hunger in his heart for the healing anointing to deliver and destroy the yoke of sickness, disease and death in the lives of his church members who passed on to glory due to a nasty plaque was heard by God and he worked mightily in this anointing.

John G Lake was also known to have worked in this anointing greatly that in his day his city had the lowest cases of sick people. Hallelujah!

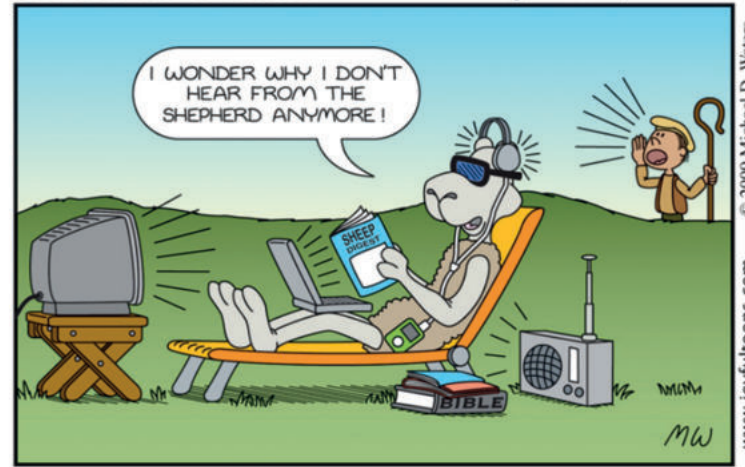

Prayer, oh Father, touch my heart and put your burden in me for this healing anointing to see the oppressed set free in Jesus' name. Amen.

**THE FIRST SEVEN YEARS CHILDHOOD DEVELOPMENT TRAINING PROGRAM**  
*...time for laying the foundation for life!*

Expected research has shown that a child learns everything they need to learn in their first seven years of life - the period of childhood learning. A child learns half of everything he knows by the age of three, three-fourths by the age of seven, after age seven, children learn only what they want to learn.

Unfortunately, many parents and teachers don't understand the sensitivity of the first three and seven years in childhood learning. As a result, they make the right input at the wrong time and make the wrong input at the right time. This has become a leading factor for low educational, creative, and childhood development training.
